**ANNUAL REPORT ON ANALYTICAL SKILL DEVELOPMENT-2015-16**

**Clinical Cases Skill Development**

Clinical cases skill development programme aims at improving the clinical skill and knowledge of students by a standard case workout. It includes the team work of III B interns to analyse cured cases of III B unit under the guidance of Head of the department monthly. Totally 74 students were involved and 12 compiled works were submitted in the year.

In the month of April, an interactive session on '*Tackling acute Diseases Effectively*' by Dr.S.V.Santhosh Kumar, Chief Homoeopathic Consultant, Taha Medical centre, Dubai.Member, Board of Examiners in Alternative Medicine, Ministry of Health UAE delivered standard protocols and decision making skills in managing acute diseases. 44 students were benefited by the programme.

In the month of October, Dr. Sathyasanth, RPN Homoeopathic Hospital, Kerala, Trivandrum inspired the students towards clinical trials and research in Homoeopathy.82 students were benefited by the programme.

Sl. No	Year	Name of the programme	Number of Activity	No. of students enrolled	Resource person
1.	2015-16	Clinical Cases Skill Development	12	74 Students	Dr.T.Ajayan, HoD, Practice of Medicine, Unit Head III-B, SKHMC
2.	30/04/2016	Clinical Cases Skill Development- 'Tackling acute Diseases Effectively'	1	44Students	Dr.S.V.Santhosh Kumar,Chief Homoeopathic Consultant, Taha Medical centre, Dubai.Member, Board of Examiners in Alternative Medicine, Ministry of Health UAE.
3.	08/10/2016	Clinical Cases Skill Development- 'Clinical Trials and good clinical practice'	1	82 Students	Dr. Sathyasanth, RPN Homoeopathic Hospital, Kerala, Trivandrum

**Department of Practice of Medicine  
Clinical Cases Skill Development scheme (2015-2016)**

Medical science is a dynamic field; newer techniques are added every day, treatment protocols are updated regularly, reference diagnostic values change over a period of time. Program started on 2009.

**Objectives:**

1. Enhance analytical skills and research aptitude in clinical cases.
2. Research development.
3. Understanding and adapting case-solving style.
4. Identify the treatment errors, Philosophical knowledge and false conclusions
5. Rapid and ample diagnosis and estimating Medicinal and General Management.
6. Research field for Post Graduates, from the statistical work done by the interns.
7. Diagnostic level case study preparation, Presentation and submission to department of PM.
8. Retrospective research study for Post Graduates.

**Number of students involved: 74**
