ADVANCED LEARNERS**

Academic year 2018 – 2019

Assessment of students was done immediately after admission based on their H.Sc (+2) marks and on the monthly test papers done before the Ist term examination. Based on both the assessments, the slow learners were identified (less than 25 % in the aggregate of 2 monthly test papers & less than 85 % in H.Sc). Also advanced learners (75% and above in test papers and 90% & above in H.Sc).

Advanced learners:

The slow learners who got below 25% in monthly test are identified. Their HSC marks are also taken into consideration. Their difficulties were enquired. Language problem was the important problem to all of them. One among them has frequent health issues. Each advanced learner was assigned as a mentor to a slow learner considering their mother tongue also. Advanced learners are given opportunity to do Physiology based projects. Topics are prepared and displayed in the notice board and the student assisted teaching will be held at 8-8.30Am.
