

**Sarada Krishna
Homoeopathic Medical College
Kulasekharam, Kanniyakumari Dist., Tamil Nadu-629 161.**

Documentary evidence for institutions teaching learning process for nurturing creativity, analytical skills and innovation among students.

The teaching learning process of the institution encourages the students to think innovatively and creatively. Institution has developed infrastructure for undertaking innovation and creativity in curricular and co-curricular aspects. The institution has developed comprehensive and functional Eco system to encourage, inspire and nurture young students by exposing them to new ideas and processes resulting in innovative activities. The following facilities and activities are practiced the institution aimed at cultivate creativity, analytical skill and innovation among faculty and students for finding sustainable solutions for Homoeopathy medical care of the society.

Sl. No	Content
1.	Participation in innovation & start-up events / competitions
a.	Internshala projects
b.	Ninja challenge
2.	Facilities for nurturing innovation, creativity and analytical skills
a.	Research Facilitation centre
b.	Simulation and Virtual lab
c.	Herbal garden
d.	Pharmacognosy lab
e.	Central Research lab
f.	IPR Cell
g.	Innovation cell
h.	Unit of Tamil Nadu Science Forum
i.	Local chapter of NPTEL
3.	Teaching methods for nurturing creativity, analytical skills and innovation among students
a.	Training programmes in Research Methodology and Statistics
b.	Training in Intellectual Property Rights and Patent
c.	Training programmes in SPSS- software
d.	Tutorials

	e.	Enrichment Training – “Skill Enhancement for Early Diagnosis” (SEED)
	f.	Objective Structured Clinical Examination (OSCE)
	g.	Santiniketan
	h.	Community Teaching
	i.	Anatomy Mini Viva
	j.	Repertory Software training
	k.	Basic Life Support Training

	m.	Industry, Field Visit and Educational tours
4.		Student Activities for enhancing creativity, innovation and analytical skill
	a.	Project based learning
	b.	Archives –Student’s Medical News Magazine
	c.	Role Play
	d.	Student Assisted Learning
	e.	Journal Article Discussion
	f.	Clinical case presentation
	g.	Wall Magazine – Repertory
	h.	Paediatric Panorama – Wall magazine
	i.	Student Magazines
	j.	Pharmakon
	k.	Paper presentation and poster presentation by students in seminars
5.		MOU/ Linkage with institutions and industries for academic, clinical training and collaborative research programmes.
	a.	Central Council For Research in Homoeopathy
	b.	Dr. Willmar Schwabe India Pvt.Ltd.
	c.	Linkage with Milma Pasteurisation plant
6.		Institutions support for student research – research expenses (STSH, University Projects, IOT, Ninga projects)

 PRINCIPAL
 SARADA KRISHNA HOMOEOPATHIC MEDICAL COLLEGE
 KULASEKHARAM, KANYAKUMARI DISTRICT,
 TAMIL NADU - 629 161

1. Participation in innovation & start-up events / competitions:

a. Internshala projects:

Internshala trainings innovate challenge, the students would be given a problem statement to build an Internet of Things project and submit a synopsis for the same. The apps would be evaluated by Internshala team and best apps would be rewarded.

Six students from Sarada Krishna Homoeopathic Medical College participated in this Internshala Online (IOT) Training.

List of students Participated:

Sl.No.	Name of the Student	Year of the Study
1.	K.Athavan	II BHMS
2.	Yasik Ibrahim	II BHMS
3.	Aghosh B Prasad	II BHMS
4.	Sree Hari M Thulasi	III BHMS
5.	B.Vijaya Raghavan	III BHMS
6.	Santhosh Balaji.S.	III BHMS

The following students are selected by the training platform for an earlier contest "Internshala Trainings Online Innovative challenge".

1. Aghosh B. Prasad - 3rd Prize (Rs. 10000/-)
2. Sreehari M. Thulasi - 5th prize (Google Home Mini)

b. Ninja challenge:

Digital Marketing contest for students. In this challenge the participants would be provided with access to Internshala's online Digital Marketing training. Learning to implement digital marketing from scratch. Preparing a marketing project report which will be reviewed by our experts.

List of students Participated

Sl.No.	Name of the Student	Year of the Study
1.	Aghosh B Prasad	II - BHMS
2.	Sree Hari M Thulasi	III - BHMS

2. Facilities for nurturing innovation, creativity and analytical skills:

a. Research Facilitation centre:

The college has in 2012 started a research department to organize, correlate and coordinate the various studies on clinical, fundamental and literary aspects of Homoeopathy. The centre inculcate an urge in the minds of the faculty and students to surge forward with a true spirit of research mind.

Research Facilitation Policy

Sarada Krishna Homoeopathic Medical College was established in 2000 with the intention to provide good quality homoeopathic education leading to the award of the degree of Bachelor Homoeopathy Medicine and Surgery (BHMS) and consequently the institution is upgraded to Post Graduate College in Homoeopathy in five areas of specialisation during 2010 and from 2018 onwards the college offers research programme leading to the award of Doctorate in Homoeopathy (Ph.D.). Students of BHMS and M.D (Hom.) undertake research projects sponsored by the CCRH, New Delhi and the affiliating university. Ten members of faculty are recognised as research guides for M.D(Hom.) by the CCH and by the affiliating University. Thus, for the promotion of research culture in the campus, the institution has framed research facilitation policy.

Vision

To inculcate unbiased inquiry aptitude into the principles and practice of different medical approaches in general and Homeopathy in particular among the students and faculty members and to act as a pivot with various scientific institutions and organizations to explore the possibilities of interdisciplinary research to validate the Homeopathic principles and practice using scientific methods of modern science and technology thereby enhance the confidence of the students in matters of health care needs of the society through advanced evidence oriented research.

Mission

- To establish a well equipped Central Research Laboratory consisting of multidisciplinary research facilities for conducting studies using advances in Biochemistry, Microbiology, Biotechnology, Pharmacology, Pharmacognosy, Pharmacokinetics to enhance the quality and transparency of research.
- To conduct workshops, scientific seminars and interactive sessions and thus develop research aptitude among students and staff.

2. Facilities for nurturing innovation, creativity and analytical skills:

a. *Research Facilitation centre:*

The college has in 2012 started a research department to organize, correlate and coordinate the various studies on clinical, fundamental and literary aspects of Homoeopathy. The centre inculcate an urge in the minds of the faculty and students to surge forward with a true spirit of research mind.

Research Facilitation Policy

Sarada Krishna Homoeopathic Medical College was established in 2000 with the intention to provide good quality homoeopathic education leading to the award of the degree of Bachelor Homoeopathy Medicine and Surgery (BHMS) and consequently the institution is upgraded to Post Graduate College in Homoeopathy in five areas of specialisation during 2010 and from 2018 onwards the college offers research programme leading to the award of Doctorate in Homoeopathy (Ph.D.). Students of BHMS and M.D (Hom.) undertake research projects sponsored by the CCRH, New Delhi and the affiliating university. Ten members of faculty are recognised as research guides for M.D(Hom.) by the CCH and by the affiliating University. Thus, for the promotion of research culture in the campus, the institution has framed research facilitation policy.

Vision

To inculcate unbiased inquiry aptitude into the principles and practice of different medical approaches in general and Homeopathy in particular among the students and faculty members and to act as a pivot with various scientific institutions and organizations to explore the possibilities of interdisciplinary research to validate the Homeopathic principles and practice using scientific methods of modern science and technology thereby enhance the confidence of the students in matters of health care needs of the society through advanced evidence oriented research.

Mission

- To establish a well equipped Central Research Laboratory consisting of multidisciplinary research facilities for conducting studies using advances in Biochemistry, Microbiology, Biotechnology, Pharmacology, Pharmacognosy, Pharmacokinetics to enhance the quality and transparency of research.
- To conduct workshops, scientific seminars and interactive sessions and thus develop research aptitude among students and staff.

- To carry out/continue systematic clinical and fundamental research such as drugproving and drug development.
- To appraise the number of standard publications of original research and to develop research strategies with ethical contest
- To develop systematic medical protocol in Homeopathy to meet the health and palliative needs of the society.

Recognised Research Departments

The following are the recognised research departments for Ph.D in Homoeopathy (both Full-Time and Part-Time) by the Tamilnadu Dr. MGR Medical University, Tamilnadu.

1. Department of Practice of Medicine
2. Department of Materia Medica
3. Department of Organon of Medicine
4. Department of Repertory
5. Department of Paediatrics

Nine faculty members of the above departments are recognised as guides for Ph.D programmes by the Tamilnadu Dr. MGR Medical University, Tamilnadu and Nine students have already enrolled for Ph.D (seven full-time and two part-time) under their guidance. As a research promotion process, the institution has launched a refereed national journal for disseminating research findings under the title '*Homoeostar*'. The institution has central research laboratory, Pharmacognosy lab, research section in the library, and other infrastructure in the departments for promotion of research.

Code of Ethics and Plagiarism in Research

Sarada Krishna Homoeopathic Medical College is committed to promote and ensure high standards of honesty in the conduct of AYUSH Medical research in Homoeopathy and basic sciences related to health. As a health science institution, it is the responsibility of the institution to ensure the culture of honesty and transparency in all research endeavours including projects, assignments, research works of students at UG and PG level, projects funded by CCRH (Central Council of Research in Homoeopathy), AYUSH and similar funding agencies. Plagiarism clearance is insisted in all scholarly communications.

To ensure ethics in human research, the institution has constituted an ethical committee as per the guidelines of ICMR and recognised under CDSCO. The vision of the institution is to promote the institution into centre of excellence for undertaking research in Homocopathy and related area. Hence, the institution has framed research ethics and framed guidelines as follows:

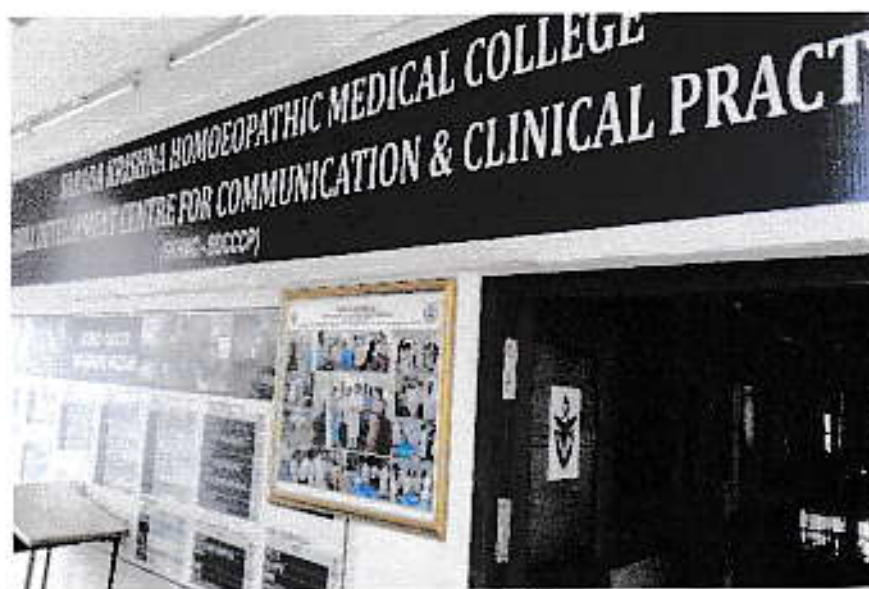

- Clearance from the Ethical Committee is to be obtained before the commencement of the research works/project.
- Research work in the form of papers/projects should go through the process of plagiarism.
- Reports of the funded projects are to be made available in the institutional repository.
- The students are advised to produce the plagiarism report obtained from the recognised genuine software on plagiarism check before submission to the agencies concerned.
- Proper citation and acknowledgements must be provided when original contents or words are copied from other sources.
- All form of research works in the institution is monitored by the team of experts at different stages to ensure originality.
- Code of ethics to check malpractices is implemented from lower to higher level by conducting regular review meeting.
- Monetary benefits from the Institution if any are sanctioned only after submission of Plagiarism reports.

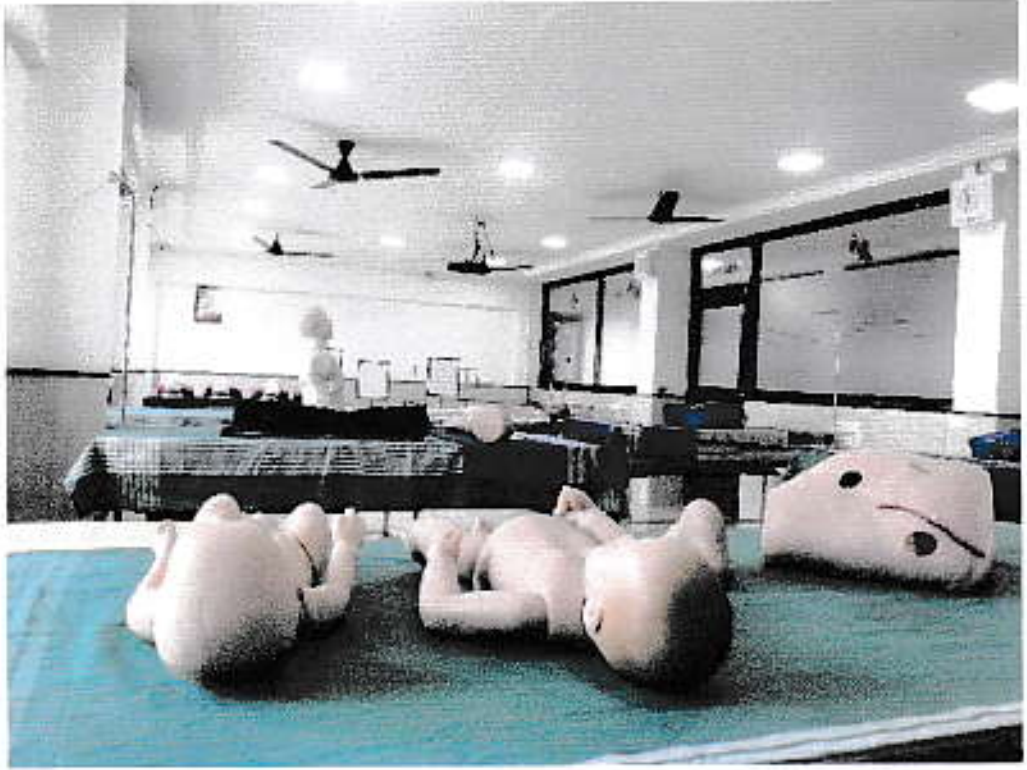

b. Simulation and Virtual lab:

Clinical skills and bedside teaching are provided to the students, and faculty as a part of skill and competency development. Students are placed in the safe practising ground, they perform the activities repetitively in the simulated environment, from which they observes, analyses and critically evaluate the situation in the controlled environment using ICT technologies and simulated models. Particular skill development is imparted in three stages namely virtually, simulated environment and real setting. In virtual setting, interactive videos are provided in the virtual lab to educate new practices using ICT technology under the supervision of the experts. In the second stage, they are placed in the simulation room in which learners acquire skills similar in real-life experiences in safe environment through which they develop

critical thinking, critical reasoning, and clinical judgement skills. Mannequins and models are used for simulations, role playing and case study approaches are followed. Finally, they are directed to the real bedside practice.

- In our setting, initially students are placed in Virtual Lab I consisting of video in which teacher explained in details and direct them for independent learning in Virtual Lab II. The virtual lab is supported by **SKHMC database**, it is also supported by additional web-resources, video-lectures, animated demonstrations and self-evaluation. In second stage, students are placed in the simulation room in which they try to replicate clinical situation till the mastery. The simulation room has multiple cameras and microphones, which can record any activity in the room. Then they are placed in the debriefing section, in which opportunities for an intense post conference and evaluation process by peers and experts, which is more reflective and critical thinking. With the self-confidence, and practice they are entering into the final stage of real situation.

c. Herbal garden:

The natural sloping landscape of Sarada Krishna Homocopathic Medical College situated in Kanyakumari district is an ideal place for herbal gardening. We have arranged infrastructural facilities more than the land provided, like manpower, and agri accessories like green house, sprinkler system for irrigation, grass trimmer. We are having total plan area of 4048.6 sq.m of collection of more than 30 species of plant in the green house (covered area) and 35 species under the uncovered area. The Dept of Pharmacy is responsible for all the concerns related to the Herbal Garden.

Functions:

- Establish herbal garden project for the purpose of education and research.
- Students are exposed to common and genuine plants species which gives comprehensive knowledge of identification of various medicinal plants in fresh forms and its various types of therapeutic uses also.

d. Pharmacognosy lab:

Department of Pharmacy initiates Pharmacognosy Lab as an innovative measure to enhance the research skills among the students. The lab provides esteemed provision for the students regarding the identification of natural source of drugs and provides adequate facilities for morphological and microscopical studies of cells and tissues in different parts of plants. The identification and standardization of crude drugs are also take part in the lab. This lab also provide opportunities for the students to gain the knowledge of physicochemical properties of the natural products and natural medications.

e. Central Research lab:

The Central Research Lab have been established in our institution with a motive of providing facilities for the students in doing their research projects in a more feasible manner. It is equipped with modernized equipments and facilitated with separate reagent room, inoculation room & sterilization room.

f. IPR Cell:

The IPR Cell organises awareness programmes among the students and members of the faculty for educating and training the students on IPR Supervising and filing the patents of the research works through workshop and seminars. The cell provides a portal for all intellectual property rights, offers legal support and protects it against any unauthorised use. To protect publications from the institute through intellectual property rights the procedure for obtaining copy right under copy right act and requirements for patent application are well explained to the members. On 19.05.2018 a "Workshop on Intellectual Property Rights and Innovations" was conducted in the College by Dr. Kantha Babu, Director, and Centre for Intellectual Property Rights, Anna University, and Chennai for teaching faculties and PG Scholars in 4 sessions including Overview on IPR, about the method of converting project into patent, demo on how to do patent search and practical session.

g. Innovation cell:

The innovation cell of our institution works with the purpose of systematically foster the culture of innovation among the students. The cell inspire and encourages the students to do their projects by forwarding new proposals to carry over new projects for students, provides necessary support for students to do their projects by bringing resource person from the respective field, by providing materials, space and fundings for their projects.

h. Unit of Tamil Nadu Science Forum:

The Tamil Nadu Science Forum, a Non-Governmental Organisation (NGO) extends its service to Sarada Krishna Homoeopathic Medical College since 05.03.2015. The activities include conducting medical camps, scientific seminars, sky watching etc.

i. Local chapter of NPTEL:

NPTEL is a joint initiative of the Indian Institutes of Technology (IITs) and Indian Institutes of Sciences (IISCs) to offer online courses and certification in various subjects. More students are encouraged to participate in this initiative, update themselves and get certified through participation in the online examination. Our Institution encourages the students and faculty to undergo Health Research Fundamentals Course offered by NIE (National Institute of Epidemiology) and ICMR (Indian Council of Medical Research). More than 150 students and many of our teaching staff had completed the Health Research Fundamentals course and obtain certificates since the introduction of the course in 2016. The institution has been considered to be an Active local chapter thrice among the colleges all over India through effective guidance of Dr. Suman Sankar.A.S, SPOC of our institution, Professor, Department of Repertory. NPTEL certificate awarding ceremony is an encouragement for budding doctors.

3. Teaching methods for nurturing creativity among students:

a. Training programmes in Research Methodology and Statistics:

Training programmes in Research Methodology and statistics conducted for PG students, Internship and students involved in research activities like STSH programme regularly.

PRINCIPAL
SARADA KRISHNA HOMOEOPATHIC MEDICAL COLLEGE
KULASEKHARAM, KANYAKUMARI DISTRICT,
TAMIL NADU - 629 161

b. Training in Intellectual Property Rights:

Workshop on intellectual property rights

A one day workshop on Intellectual Property Rights and Innovation was organised by Internal Quality Assurance Cell & Innovation Cell of SKHMC on 19.05.2018 at conference hall for teaching faculty and Post Graduate students. The programme was inaugurated by the Chairman cum principal of the institution Dr.C.K.Mohan. Dr.M. Kanthababu Professor, Department of Manufacturing Engineering, College of Engineering Guindy, Anna University and Director, Centre for Intellectual Property Rights (CIPR), Anna University, Chennai, was the resource person of the programme. The morning session started at 10.00a.m on the topic "An Overview on Intellectual Property Rights". Afternoon session started at 12.00 p m on the topic "How to convert project works in to patents". Practical sessions were also conducted with a Demo on how to do patent search related to individual work using different websites. The programme concluded at 4.30pm. Dr. Bindusaran R, Co-ordinator, Innovation Cell delivered Vote of thanks. About 46 members among faculty & Post graduate students were participated the programme.

c. Training programmes in SPSS- software:

Workshop on “application of statistics using spss in research”

IQAC of SKHMC has organized a workshop on “Application of Statistics using SPSS in Research” on 07.09.2018 (Friday) from 9.30 a.m to 2.30 p.m at the conference Hall of SKHMC. The resource person for the same was Dr.Marimuthu, Professor, Department of Biotechnology, AIMST University, Malaysia.

Dr.Suman Sankar A.S. IQAC Co-ordinator, has introduced the resource person to the participants. The workshop started with an overview into the terminologies used in research and bio-statistics through power point presentation.SPSS was installed in the personal Laptops of faculties and Post Graduate students who attended the workshop. Then there was a demonstration on processing of SPSS through several exercises. He taught about the data entry, problem solving, graphical representation and T-Test processing with practical demonstration on SPSS.

The workshop concluded with an evaluatory session by Dr. Harshavarthini (Post Graduate Student). Dr.Chandraja C.V (Research officer) delivered vote of thanks by handing over a memento to the expert faculty Dr.Marimuthu.About 31 participants attended the programme.

d. Tutorials:

Tutorial is conducted one hour every week giving opportunity to BHMS students to thrash out their doubts on the portions covered as on date. This is being done with small batches of students on rotation giving them better chance to interact with their teachers as closely as possible in all subjects they appear in University exam. The Academic Co-ordinator concerned will divide the students in batches and fix their rotation of subjects at the beginning of every academic year.

e. Enrichment Training – “Skill Enhancement for Early Diagnosis” (SEED):

SEED has a unique role in the enrichment of theoretical and practical skill in the field of medicine for the students. The classes are organized by the final BHMS students and PG scholars as a part of ‘*Problem solving*’ and ‘*Patient centric and evidence based learning*’. These classes are conducted every week for an hour in collegiate hospital. The students are divided into different groups and each group is guided and monitored by a PG scholar. Physical examination classes and differential diagnosis classes are carried out under the guidance of PG scholars and faculties. Each team is given a case and asked to work out provisional diagnosis, differential diagnosis, systemic examinations and their significant findings along with needful special investigations. The cases are diagnosed both clinically and individually. The worked out cases are later checked by the concerned PG scholars, which in turn are verified by the Head of the Department. The students can improve their skills in diagnosing the case clinically. It promotes Logical thinking of students.

f. Objective Structured Clinical Examination (OSCE):

An objective structured clinical examination (OSCE) is a versatile multipurpose evaluative tool that can be utilized to evaluate health care professionals in a clinical setting. It assesses competency, based on objective testing through direct observation. In an OSCE, clinical skills are tested rather than pure theoretical knowledge. It is essential to learn correct clinical methods. OSCE evaluation is conducted on a periodical basis in the physical examination classes soon after completing a system by the concerned PG scholars in a team. The session as a whole is monitored by the Head of the department. The OSCE is carefully structured to include parts from all elements of the particular system. OSCE is made objective by having a standard set of questions. For example, a station concerning the demonstration to a simulated patient on how to examine central nervous system.

The examiner would award points for specific actions which are performed safely and accurately. The examiner can often vary the marks depending on how well the candidate performed the step. The questions are standardized and the candidate is only asked questions that are on the mark sheet and if the candidate is asked any others then there will be no marks for them. All candidates are assessed using exactly the same patient with the same marking scheme. It allows evaluation of clinical students over a broad range of skills and issues. It improves clinical skill of the students regarding physical examination (both general and systemic).

g. Santiniketan:

Santiniketan is the school of Rabindranath Tagore's ideals whose central premises is that learning in a natural environment would be more enjoyable and fruitful.

The practice is carried out in 3 stages:

- First stage: To find out the habitat of the plant,
- Second stage : Review of literatures about the medicinal plant.
- Third stage: To arrive at the habitat with teacher and the students by arranging vehicle, and necessary transport facilities.
- Fourth stage: To discuss about the plant, and compare with the already known thing and decide to prepare the project.

The constraints are the geographical which is related to reaching the habitat using the transport facilities.

Report of santiniketan -2017

Introduction:

The practice of Santiniketan was conducted at our college campus on 25.1.2017 by the post graduate students of Organon of Medicine.

Methodology:

After prior preparation of the details of FIG TREE, it was found out in our college campus by Dr.M. Murugan, Dr.Manoj Narayan along with seven PG students of Organon of Medicine at about 10.30 am and discussion was done about the etymology, history, health benefits of FIG TREE, FIG in religion and mythology, FIG and homocopathy and researches on FIG TREE.

Beneficials:

Batch xiv

- Dr.Parvathy.N
- Dr .Parvathy Padmakumar
- Dr.Suhruthom

Batch xv

- Dr.Riswana

Batch xvi

- Dr.Amritha Mohan
- Dr.Amrutha Manoharan
- Dr.Swaamynaathan

Benefits:

The learners had obtained the knowledge of

- History of FIG plant
- Its religion and mythological aspects of the plant
- Health benefits of Fig tree
- Homoeopathic aspect of FIG plant
- To induce the learners to do further researches in the plant

Conclusion:

The overall information about FIG to the learners in its natural state had been a motivation for further researches in clinical practice for the post graduate students.

Photos:

Fig tree in the campus

Report of santiniketan -2018

Introduction:

The practice of Santiniketan was conducted at our college campus on 7.11.2018 by the post graduate students of Organon of Medicine.

Methodology:

After prior preparation of the details of Citrus Limonum, it was found out in our college campus by Dr.M.Murugan, Dr. Manoj Narayan, Dr. Shinee. G. R, Dr. Sonnymon along with four PG students of Organon of Medicine at about 10.30 am and discussion was done about the etymology, history, health benefits of Citrus Limonum, Citrus Limonum and homoeopathy and researches on Citrus Limonum tree.

Beneficials:

Batch xvi

- Dr. Amritha Mohan
- Dr. Amrutha Manoharan
- Dr. Divya Pushparaj
- Dr.K. Suwaamynaathan

Benefits:

The learners had obtained the knowledge of

- History of Citrus Limonum tree.
- Health benefits of Citrus Limonum tree
- Homoeopathic aspect of Citrus Limonum tree.
- To induce the learners to do further researches in the plant.

Conclusion:

The overall information about Citrus Limonum to the learners in its natural state had been a motivation for further researches in clinical practice for the post graduate students.

Photos:

Report of Santiniketan -2019

Introduction:

The practice of Santiniketan was conducted at our college campus on 26.4.2019 by the post graduate students of Organon of Medicine.

Methodology:

After prior preparation of the details of MURRAYA KOENIGI TREE, it was found out in our college campus by Dr.M.Murugan, Dr. Manoj Narayan, Dr. Satheesh. M. Nair. G. R, Dr. Sonnymon along with four PG students of Organon of Medicine at about 10.30 am and discussion was done about the etymology, history, health benefits of Murraya Koenigi tree, it is used as a medicine as the leaves of the tree are believed to possess anti-disease properties.

Beneficials:

Batch xvi

- Dr. Amritha Mohan
- Dr. Amrutha Manoharan
- Dr. Divya Pushparaj
- Dr.K. Suwaamynaathan

Benefits:

The learners had obtained the knowledge of

- History of Murraya Koeniggi tree.
- Its distribution and propagation.
- Health benefits of Murraya koeniggi tree.
- Clinical studies conducted
- To induce the learners to do further researches in the plant.

Conclusion:

The overall information about Murraya Koeniggi to the learners in its natural state had been a motivation for further researches in clinical practice for the post graduate students.

Photos:

h. Community Teaching:

It includes Peripheral Health Centres, Health survey, School Health Programme, Anganvadi Health programme, preventive camps, Medical camps, Unnat Bharat Abhiyan programmes, Medical Exhibition etc. Students are encouraged to participate in all these activities in active manner.

i. Anatomy mini Viva:

Facilitates discussion and feedback among student and faculty. It is feasible in small group doing practical and it is less time consuming via the contents of the practical and the process could be assessed immediately after the session. This mini viva concentrates on improving student learning than on grading. By providing timely feedback on their performance.

j. Repertory Software training:

Repertory software help homoeopaths to identify a group of similar medicine from the wide collection based on the symptoms through offline mode access via LAN throughout the campus. The advanced repertory software provides indispensable data and features to analyse the patients' case and helps to arrive at prescriptions in minutes. We are having RADAR and HOMPETH ZOMOEEO (LAN version), ISIS, Complete Dynamics and Mercurius in our institution. Repertorisation programs make great tools for studying remedies. Students are given training in using these softwares for analysis of case and helps in finding the right remedy.

k. Basic Life Support Training:

Basic life support training given to students by the trained faculties. Simulation based training given to the students with the help of CPR training models.

l. Forum for Interactive Learning (FIL):

FIL has a unique role in the enrichment of theoretical and practical skill in the field of medicine for the students. The classes are organized by the final BHMS students and PG scholars as a part of *Self Directed Learning*. Three teams present their signs, syndromes, normal values and abbreviation on a day. And the other teams present website or journal or book review and case discussion (Role play). Each FIL programme is supported by PowerPoint presentation or live demonstration. The class ends with a brief quiz session based on previous topics discussed.

m. Industry, Field Visit and Educational tours:

Education tours are conducted for I & IV BHMS students, as per University regulations. The I year tour programme is conducted by the Dept of Pharmacy by visiting herbal garden/ museum, Homoeopathic medicine manufacturing laboratories/ pharmacy etc. The IV year students are exposed to large scale water purification plants, milk pasteurization plant, industries, communicable disease hospitals etc.

4. Student Activities for enhancing creativity, innovation and analytical skill:

a. Project based learning:

Projects given to PG students, Internees and students. Effectiveness of Homoeopathic medicine students understand these projects.

SI No	Name of the PG Scholar	Name of the Guide	Title of the Thesis
1.	Dr. Aparna. S	Dr.Manoj Narayan.V	Clinical study to determine the role of LM Potency in the management of Cervical Spondylosis
2.	Dr. Jayesh.P	Dr.Manoj Narayan.V	Clinical study to evaluate the efficacy of Homoeopathic Medicines in Hypothyroid females using Centesimal Scale
3.	Dr.Kavitha.N	Dr.Murugan. M.	Clinical study on the effectiveness of LM potency in Acute Gastritis
4.	Dr. Sarathy.V	Dr.Manoj Narayan.V	Efficacy of Homoeopathy Management of type - 2
5.	Dr. Sridharan.S	Dr.Murugan. M.	A clinical study to evaluate the efficacy of L.M scale potency in reducing the pain of Renal Calculi.
6.	Dr. Sudha.V	Dr.Murugan. M.	Clinical study on the effectiveness of LM Potency in patients with Osteoarthritis of Knee Joint
7.	Dr. Abhijith.C.Nair	Dr. C.R.Krishna Kumari Amma	To understand the evolution of Calcarea Carbonica and Naturum Muriaticum in cases of Hypothyroidism
8.	Dr. Lavanya.S	Dr. Winston Vargheese	A Crossover clinical study on the effectiveness of Natrum Muriaticum in the treatment of essential hypertension.
9.	Dr.Panchavarnam.A	Dr. C.R.Krishna Kumari Amma	Clinical study to evaluate the effectiveness of Nuxvomica in Gastritis

10.	Dr. Raj Prasobh.B.P	Dr. C.R.Krishna Kumari Amma	A clinical study on the efficacy of Homoeopathic treatment in Vasomotor Rhinitis
11.	Dr. Rajasekhar.R	Dr. Winston Vargheese	Retrospective case series study of Lycopodium in inter Vertebral Disc Herniation of Fisherman Community of Tamilnadu
12.	Dr. Sreeja.S	Dr. C.R.Krishna Kumari Amma	Remedy Profile in Homoeopathic management of Osteoarthritis
13.	Dr. Suji A.L	Dr. Winston Vargheese	Cross over clinical study of Lycopodium clavatum in the treatment of essential hypertension
14.	Dr. Aravindakshan.G.K	Dr. Saravanan.S	A clinical study on Homoeopathic treatment of recurrent aphthous ulcer.
15.	Dr. Daniel Deva Suthan	Dr. Saravanan.S	A clinical study to evaluate the efficacy of Homoeopathic Medicine in Lumbar Spondylosis
16.	Dr. Prabhakaran.P	Dr. N.V.Sugathan	A clinical study to evaluate the efficacy of Homoeopathic Medicine in Essential Hypertension
17.	Dr. Ramesh Prabhu.R	Dr. N.V.Sugathan	A clinical study to evaluate the efficacy of Homeopathic Medicines in Pain Reduction to Knee joint Osteoarthritis
18.	Dr. Rejish R.S	Dr. Saravanan.S	Clinical study to evaluate the efficacy of Homoeopathy treatment in the reduction of TSH in Hypothyroid cases
19.	Dr. Rosemine Ratnavathy	Dr. N.V.Sugathan	A comparative study to determine the efficacy of 50 Millisimal Potency and Centesimal Potency in Lumbar Spondylosis pain management
20.	Dr. Alsha.L.K	Dr. Sisir.P.R.	A case series study of Calcarea Carbonica as a Paediatric Remedy
21.	Dr. Jeba selvi.A	Dr. Sisir.P.R.	Clinical study to determine the efficacy of Homoeopathy in Bronchial Asthma of Paediatric age group
22.	Dr. Mahadevi.A.L .	Dr. Sathish Kumar.V.	To find the effectiveness of Homoeopathic Medicines on Tonsillitis in children

23.	Dr.Shirin Babu.	Dr.SathishKumar.V.	Retrospective study of Tuberculinumin recurrent acute respiratory infections among the mentally.
24.	Dr.Siji.A.	Dr.SathishKumar.V.	Retrospective study of efficacy of Homoeopathic Medicines in aggressiveness of Mentally challenged Children
25.	Dr. Ashlin Rose Antony	Dr.Murugan. M	A Clinical Study about the Anti miasmatic management in the treatment of patients with COPD
26.	Dr. Devi Punnya.S.S	Dr.Manoj Narayan.V	A study on Anti-Miasmatic Management in the patients with Essential Hypertension.
27.	Dr.Madhappan.P	Dr.Murugan. M.	Clinical study on management of acute febrile illness in LM Potency
28.	Dr.Priya.S.S	Dr.Murugan. M	Clinical study on Miasmatic approach of patients in Bronchial Asthma.
29.	Dr.Sheeba.S	Dr.Manoj Narayan.V	Aclinical study on Anti- Miasmatic approach of patients with Cervical Spondylosis
30.	Dr. Sonny Mon.R	Dr. Babu.K.Thomas	A clinical study on Antimiasmatic Treatment of Migrain.
31.	Dr. Anu V.C	Dr. C.R.Krishna Kumari Amma	A Clinical Study on Effectiveness of Mercurius in Aphthous Ulcer .
32.	Dr. Anu Renju. S.A	Dr. Winston Vargheese	A Retrospective Clinical study of Lycopodium in the treatment of type 2 Dibaetes Mellitus
33.	Dr. Berlina Terrence Mary.D	Dr. Winston Vargheese	A clinical study to Reffirm the observation of Dr. C.M Boger regarding Moon Phases.
34.	Dr. Ramya.S.S	Dr. C.R.Krishna Kumari Amma	Therapeutic Management of Acute Bronhitis in Homoeopathy
35.	Dr.Shenu.P.Kareem	Dr. Winston Vargheese	Human Pathogenic Trail of Syzygium Jambolanum
36.	Dr. Sreelakshmi.V	Dr. C.R.Krishna Kumari Amma	A clinical study on Efficacy of Homoeopathic Medicine in Urinary Tract Infection.

37.	Dr. Anju.G.Krishnan	Dr. Saravanan.S	Prospective study of Cervical Spondylitis and its Homoeopathic Management
38.	Dr.Ebi Moses	Dr. N.V.Sugathan	Efficacy of Homoeopathic Medicines in the Treatment of "Migraine in Adults"
39.	Dr.Justin.K.Jose	Dr. N.V.Sugathan	A clinical Study on the Homoeopathic Management of iron deficiency Anemia in women of reproductive age group
40.	Dr.Sankar.N	Dr. Saravanan.S	Prospective study of Bronchial Asthma and its Homocopathic Approach
41.	Dr. Sreelakshmi.S	Dr. Saravanan.S	Clinical Study on seasonal Allergic Rhinitis and its Homoeopathic Management
42.	Dr. Zion Natha Raj.P.S	Dr. N.V.Sugathan	A study on efficacy of Homoeopathic Medicines in the Chronic Sinusitis.
43.	Dr. Arya.M.S	Dr.P.R.Sisir	Clinical study to determine the Efficacy of Arsenicum Album in Allergic Rhinitis of Children
44.	Dr. Bencitha Horrence Mary.D	Dr. C.K.Mohan	Study of clinical Presentations of Tonsillitis in Paediatric age group and its Implications in Evolving A Miasmatic Interpretation
45.	Dr.Rameezha Burvin.F	Dr. C.K.Mohan	A clinical study on Anti-Miasmatic Treatment of Bronchial Asthma in Paediatric age group
46.	Dr.Ramesh Raja.S	Dr.P.R.Sisir	Aclinical study on Efficacy of Homoeopathic Treatment in Acute Bronchitis in Paediatric age group.
47.	Dr. Reshma Reghu	Dr. C.K.Mohan	Aclinical study on action of Bryta Carb on Tonsillitis in Padiatric age group.
48.	Dr. Shobha Teterwal	Dr.P.R.Sisir	A clinical study on the Effectiveness of Pulsatilla in acute Bronchitis in Paediatric age group
49.	Dr.Arun.C.Santhosh	Dr.Murugan. M	Observational study in time taken for action of homoeopathic medicines in fever cases
50.	Dr.Berey Thanga Rathinam	Dr.Babu.K.Thomas	A Clinical study to evaluate the role of LM Potency in the pain management of Haemorrhoids

51.	Dr.Issac Jose	Dr.Murugan. M.	A Clinical study on repetition of medicine in acute febrile illness
52.	Dr.Rajasundari.R	Dr.Murugan. M	A Clinical study on holistic concept of patients with bronchial asthma
53.	Dr.Sethu Lakshmi.V.G	Dr.Manoj Narayan.V	A clinical study in the management of allergic rhinitis with LM Potency
54.	Dr. Anupama.U	Dr. Winston Vargheese	A Retrospective case series study on acid phosphoricum as a potential remedy for diabetes mellitus
55.	Dr. Bindusaran.R	Dr. Winston Vargheese	Cross over clinical study of Lachesis in the treatment of essential Hypertension
56.	Dr.Jisha Saifudeen	Dr. C.R.Krishna Kumari Amma	A clinical study on Homoeopathic management of Typhoid fever
57.	Dr. Reshmi .K.R	Dr. C.R.Krishna Kumari Amma	Remedy profile on Homoeopathic management of spasmodic dysmenorrhea in adolescent girls
58.	Dr. Sreedevi .S.S	Dr. C.R.Krishna Kumari Amma	Clinical verification of belladonna in the treatment of acute tonsillitis
59.	Dr. Susanna Kuriakose	Dr. Winston Vargheese	A retrospective case series study of phosphorus as a potential remedy for type 2 Diabetes mellitus
60.	Dr. Ashik Muhammed	Dr. Suman Sankar A.S	A Case study on Homoeopathic treatment of cough associated with acute upper respiratory tract infection using rubrics from Boericke's repertory as a tool
61.	Dr.Deepa.C.S.Kumar	Dr. Suman Sankar A.S	Effectiveness of "Allen's Therapeutics of fevers' in indicating similimum for the Homoeopathic management of acute febrile illness
62.	r.Deepa.G.S	Dr. Sathish Kumar.V	Clinical study to determine the utility of the repertorium Homoeopathicum syntheticum 9.1 in the management of distress during climacteric age of females
63.	Dr.Deepthi Fernadaz.W	Dr. Sathish Kumar.V	A clinical study to determine the efficacy of Homoeopathic remedies in primary osteoarthritis of knee joint by using Homoeopathic medical repertory

64.	Dr.Priyanka.P.S	Dr. Sathish Kumar.V	Aclinical study to verify the rubrics of Oscar eugin boericke's pocket manual of Homoeopathic Materia Medica & Repertory in the management of chronic frontal sinusitis
65.	Dr. Vasanth.C.Kurup	Dr. Suman Sankar A.S	Efficacy of "A concise repertory of Homoeopathic medicines " in indicating simillimum for acute bronchitis
66.	Dr.Arun.R.Nair	Dr.Suresh.G	Effectiveness of Medicine selection Based on Causative Modality in the Homoeopathic treatment of Acute Tonsillitis
67.	Dr.Gayathri.R	Dr. N.V.Sugathan	A clinical study on the Homoeopathic treatment of atopic dermatitis in adults
68.	Dr. Jishnu.B.J	Dr. Suresh.G	A Comparative study on the role of diet in Homoeopathic treatment of Bronchial Asthma
69.	Dr.Nithya.S	Dr. Suresh.G	Homoeopathic Treatment of polycystic ovarian syndrome in females below 30 years of age: A prospectiive observational study
70.	Dr. Prasobh.M.P	Dr. N.V.Sugathan	A Clinical study on management of warts with Homoeopathic medicines
71.	Dr.Rejin.R	Dr. N.V.Sugathan	A Clinical study on management of Hemorrhoids in adults with Homoeopathic medicines
72.	Dr. Bindusree A.V	Dr. C.K.Mohan	A Clinical study on the efficacy of calcarea group remedies in childhood asthma
73.	Dr.Divya.A.S	Dr. P.R.Sisir	Effectiveness of sulpher as an intercurrent remedy in the prevention of recurrent attack of upper respiratory tract infections in paediatric age group
74.	Dr.Meena Ambigai.N	Dr. P.R.Sisir	Effectiveness of Tuberculinum as an Intercurrent remedy in preventing recurrent respiratory tract infection in Paediatric age group.
75.	Dr. Premkumar.S	Dr. C.K.Mohan	As an Intercurrent remedy in preventing recurrent respiratory tract infection in Paediatric age group.

76.	Dr. Roopa Salin	Dr. C.K.Mohan	A clinical study on the effectiveness of Calcarea group remedies in Allergic rhinitis in Paediatric age group
77.	Dr. Sarika E.S	Dr. P.R.Sisir	A Comparative study to determine the efficacy of 50-millesimal nad centesimal scale potencies in the management of acute bronchitis in Paediatric age group
78.	Dr. Parvathy Padmakumar	Dr.Murugan. M	A Clinical Study on the Effectiveness of LM Potency in Patients with Acute Exacerbation of Chronic Sinusitis
79.	Dr. Parvathy.N	Dr.Manoj Narayan.V	A clinical study on different potencies in the management of Acute Bronchitis
80.	Dr.Shanthi.N	Dr.Manoj Narayan.V	Clinical study on the Effectiveness of LM Potency in the management of patients with Acute Cystitis
81.	Dr. Suhruthom.P	Dr.Murugan. M	A study on the assessment of susceptibility in patients with Acute Febrile illness
82.	Dr. Yadu Krishnan.R.S	Dr.Manoj Narayan.V	A clinical study on the efficacy of the Anti- Miasmatic medicine in the symptomatic treatment of acid peptic disease
83.	Dr. Bino.A	Dr. Winston Vargheese	Retrospective Case series study of Natrum Muriaticum in Inter Vertebral Disc Herniation
84.	Dr.Dhanya Suresh	Dr. Winston Vargheese	A Retrospective case series study to understand the Evolution of Calcarea Carbonica in clinical situations
85.	Dr.Sasitharan.S	Dr. Krishna Kumari Amma	A clinical study to Evaluate the Effectiveness of Nuxvomica in treating cervical spondylosis
86.	Dr. Vinnia Rose. K.J	Dr. Krishna Kumari Amma	A clinical study to evaluate the effectiveness of Pulsatilla Nigricans in the treatment of acute gastritis
87.	Dr. Ananthy.S	Dr. Suman Sankar.A.S	Efficacy of Synthesis Repertory Version 9.1 in the Management of Polycystic Ovarian Disease
88.	Dr.Bhuvaneswari.G	Dr. Sathish Kumar.V	A case study on Lumbar spondylosis by using Boger Boenninghausen's characteristic Repertory

89.	Dr.Genesis Marin Gold Pushpam	Dr. Sathish Kumar.V	To Elicit the significance of ailments from Rubric as an eliminating rubric in Hypothyroidism by using synthesis repertorium Homoeopathicum syntheticum 9.1
90.	Dr. Ginu.D.Mohan	Dr. Suman Sankar.A.S	Boger's synoptic key in management of Allergic Rhinitis
91.	Dr. Shanu.S	Dr. Suman Sankar.A.S	Utility of Kent's mind reubrics in treatment of cases with renal calculi
92.	Dr.Dhanya.G.Nair	Dr. Ajayan.T	Effectivness of Homoeopthic treatment in managing acute cystitis in females of Adolescent age group
93.	Dr. Latha.C.L	Dr. Ajayan.T	Effectivness of Homoeopthic medicine in acute Bronchitis in patients having elevated C-Reactive protein level
94.	Dr. Rugmini Devi B.R	Dr. N.V.Sugathan	A clinical study on management of Knee pain in Osteoarthritis among older age by Homoeopathic remedies
95.	Dr.Priya Rajini.R.M	Dr. N.V.Sugathan	A clinical on pain management of Lumbar spondylosis with Homoeopathic Medicines
96.	Dr.Sanju.S	Dr. N.V.Sugathan	Role of Homoeopathic medicines in the reduction of Glycosylated Haemoglobin in type 2 Dibetes mellitus
97.	Dr. Umesh Mohan.C.S	Dr. Ajayan.T	Assessing effect of Homoeopathic treatment in case of acute Bronchitis with reference to characteristics of ideal Homoeopathic cure
98.	Dr. Berin Bershija.J.S	Dr. C.K.Mohan	Clinical study on the efficacy of Arsenicum Iodatum in managing Allergic Rhinitis in Paediatric age group
99.	Dr. Cyno Cherian	Dr. C.K.Mohan	A clinical study on the effectiveness of 50 millesimal potency in the management of acute Bronchitis in Paediatric age group
100.	Dr.Lakshmi Madhusudhanan	Dr. P.R.Sisir	A study on effectiveness of Homoeopathic management of learning disabilities in school children

101.	Dr. Parvathy.S. Nayar	Dr. P.R.Sisir	A clinical study on the effectiveness of Homoeopathic medicines in the management of Allergic Rhinitis in Paediatric age group with reference to Absolute Eosinophil count
102.	Dr. Shadiya.S	Dr. P.R.Sisir	Clinical study on the effectiveness of Calcarea Phosphorica as a constitutional remedy in paediatric age group
103.	Dr.Syamili Saseendran	Dr. C.K.Mohan	A Comparative study to determine the efficacy of 50- Millesimal and centesimal scales potencies in the management of Allergic rhinitis in Paediatric age group
104.	Dr. Anju.V	Dr.Murugan. M	A Clinical Study on the Effectiveness of LM Potency in Minor Injuries
105.	Dr. Arun Vivek.S.J	Dr.Manoj Narayan.V	A clinical study on the miasmatic background of patients with allergic rhinitis in Melpuram area
106.	Dr.Riswana.A	Dr.Murugan. M	A clinical study to understand the role of susceptibility in the Homoeopathic treatment of Acute Tonsillitis
107.	Dr.Shinee.G.R	Dr.Murugan. M	A study of the Effectiveness of Antiasmatic Treatment in cases of Hypothyroidism in Adults
108.	Dr.Tini.G.Keran	Dr.Manoj Narayan.V	A clinical study on the management of patients with migraine with varied LM potencies
109.	Dr. Vaishali.J	Dr.Murugan. M	A clinical study on Antiasmatic management in patients with chronic sinusitis
110.	Dr. Vipin Das S.M	Dr.Manoj Narayan.V	A Clinical Study of Antiasmatic Treatment on Patients with Dyslipidemia
111.	Dr. Anu.M.R.Nair	Dr. C.R.Krishna Kumari Amma	Remedy Profile in Homoeopathic Management of Haemorrhoids
112.	Dr.Aathira.V.nair	Dr. Winston Vargheese	An experimental study by estimation of the level of Hyaluronan synthase in patients suffering from Osteoarthritis of Knee, treated with Bryonia Alba

113.	Dr. Asta Eshwaran.T.S	Dr. C.R.Krishna Kumari Amma	A Clinical Study on the management of Acute Sinusitis by using Kali Bichromicum
114.	Dr.Dhanya.S.S	Dr. Winston Vargheese	An experimental study by estimation of the level of Hyaluronan synthase in patients suffering from Osteoarthritis of Knee, treated with Rhustoxicodendron
115.	Dr.Girija.L	Dr. Winston Vargheese	A Prospective study on the Effect of Homoeopathic remedies on abnormal Vaginal Microflora of Sexually active women presenting with Leucorrhoea
116.	Dr. Gokul Krisjna.K	Dr. C.R.Krishna Kumari Amma	A restropective case series study of Lycopodium and sulphur in the treatment of type II mellitus
117.	Dr. Ragi Kamal.G.R	Dr. C.R.Krishna Kumari Amma	Effectiveness of Hepar sulphuricum as a remedy in treating Allergic rhinitis of patients near sea shore areas in colachel village
118.	Dr. Divya J.B	Dr. Sathish Kumar.V	Utility of synthesis repertory in the clinical study of attention defect hyperactivity disorder
119.	Dr.Madhuri Mohan	Dr. Suman Sankar.A.S	Ruberies of minton's urine therapeutics in Indicating simillimum for cases with premenstrual dysphoric disorder
120.	Dr. Salini Chandran	Dr. Sathish Kumar.V	The utility of complete repertory in the management of the psychological impact of domestic violence in married women
121.	Dr.Suja S.P	Dr. Sathish Kumar.V	A comparative study on cervical spondylosis by using "H.A. Robert" repertory to the rheumatic remedies and kents repertory of the Homoeopathic Materia Medica
122.	Dr. Sowmya RSG	Dr. Suman Sankar.A.S	Efficacy of guernesey's menstruation table in menstrual irregularities
123.	Dr.Varun.S	Dr. Suman Sankar.A.S	Efficacy of synthesis repertory in management of essential hypertension
124.	Dr. Anusha.V	Dr. Ajayan.T	A prospective study on effectiveness of Homoeopathic medicines in cases of acute tonsilitis with reference to rapid strep test

125.	Dr. Joseph. T. Kariyil	Dr. Ajayan. T	A Clinical study on Homoeopathic medicines in pain management of Haemorrhoids in adult age group
126.	Dr. Mithun Kumar	Dr. Ajayan. T	A comparative study of effectiveness of Homoeopathic medicine with conventional medicine in the pain management after tooth extraction - A randomised clinical trail
127.	Dr. Nisha Gopinath	Dr. N.V. Sugathan	A Comparative study on pain management of Cervical Spondylosis with Homoeopathic Medicine and Homoeopathic Medicine with Physiotherapy
128.	Dr. Sherin Sheeba. C	Dr. N.V. Sugathan	A study on estimation of serum Ige level in allergic rhinitis before and after Homoeopathic treatment
129.	Dr. Sundara pandia Raj	Dr. N.V. Sugathan	A study on Homoeopathic management of distal diabet peripheral neuropathy using Biothesiometer
130.	Dr. Anina Mariam Varghese	Dr. P.R. Sisir	A clinical study on the Efficacy of Homoeopathic Management of Dyslexia in school children.
131.	Dr. Geethi. S. Gopinath	Dr. C.K. Mohan	A clinical study on the role of mercury group remedies in the management of acute Tonsillitis in children
132.	Dr. Geethu. G	Dr. C.K. Mohan	A clinical study on the effectiveness of Lycopodium in paediatric age group
133.	Dr. Kousalya. G	Dr. P.R. Sisir	A clinical study on the role of Homoeopathy in managing Dyscalculia in school children
134.	Dr. Mitha Devu. K.S	Dr. P.R. Sisir	A clinical study on the effectiveness of silicea as a constitutional remedy in paediatric age group
135.	Dr. Raja Partheeban	Dr. C.K. Mohan	A clinical study of Tuberculinum as a paediatric remedy

Details of Internship Assignments/Projects

YEAR: 2013-2014

Sl.No	Reg. No.	Name	Topic	Guide
1.	58081519	Harida. N	An assignment on ancylostomiasis and its management	Dr.T.Ezhilarasi
2.	58081541	Simi Haneefa.R	Posology	Dr.Shinee.G.R
3.	58091501	Aathira V. Nair	Study on disorders of immune system, relation of action of Homoeopathic Medicine on immune system	Dr.Bindusaran.R
4.	58091502	Abinaya Ranjana.T.K.	Panoramic study on suppression	Dr.M.Murugan
5.	58091503	Agnus Jomy	An attempt to revise CHAPTER BLOOD from a syllabus on Diagnosis by Dr.William.F.Baker	Dr.Harisankar.V
6.	58091504	Anupama. S.	Study on Hypertension and its Homoeopathic Management	Dr.P.R.Saiji
7.	58091505	Asha A.S.	Hypothalamus	Dr.Mini.S.K
8.	58091510	Brindha. L.	Pathogenesis of stroke and its Homoeopathic Management	Dr.R.S.Gopika
9.	58091511	Chithra A.R.	A study on Ranunculaceae family	Dr.T.K.Jayakumar
10.	58091513	Deepthy R.K.	Cerebral Cortex	Dr. Mini.S.K
11.	58091514	Devi Krishna	A clinical study to ascertain the efficacy of Homocopathy in allergic rhinitis and its relation with blood groups	Dr.P.R.Saiji
12.	58091515	Divya. J.B.	A venture to renew the chapter "Pulse" from A syllabus on diagnosis by William F Baker	Dr.Harisankar.V
13.	58091517	Fasila. P.Y	Herbarium of Homoeopathic Drugs – Spices Source	Dr.K.G.Venugopal
14.	58091518	Fathima Shama. A	Obesity	Dr.P.R.Saiji
15.	58091521	Fouziya S.	Herbarium of Homoeopathic Drugs – Source Kitchen Plants	Dr.K.G.Venugopal
16.	58091522	Geetha. G	Homoeopathic therapeutic of Pneumonia	Dr.C.R.Krishna Kumari Amma
17.	58091524	Jasmine. S	A study of Therapeutics of Uterine Period	Dr.L.Girija

18.	58091526	Lekshmi. B.V	Amoebiasis and its management	Dr.T.Ezhilarasi
19.	58091527	Merin Alex	A study on Loganiaceae family	Dr.T.K.Jayakumar
20.	58091529	Min Mary Jose	Pilot study on the scope of managing emergency conditions using Homoeopathy	Dr.T.Ajayan
21.	58091530	Minu Mol Thoppil	Female complaints of Allen's Keynote & Boericke's Materia Medica	Dr.L.Girija
22.	58091531	Mitha Devu.K.S	Twelve tissue remedies	Dr.C.R.Krishna Kumari Amma
23.	58091532	Nahala. P.A.	Carcinoma cervix and related rubrics	Dr.L.Girija
24.	58091533	Nila K.J.	Scope of Homoeopathy in Uterine Fibroid	Dr.P.R.Saiji
25.	58091535	Prema. G	Study on Repetition of LM potency	Dr.M.Murugan
26.	58091538	Pushparani. P	PCOD	Dr.Gopika.R.S
27.	58091539	Ragi Kamal	Menstrual Cycle	Dr.Mini.S.K
28.	58091540	Rajalakshmi. K	Herbarium of Homoeopathic Drugs – Source Fruits	Dr.K.G.Venugopal
29.	58091542	Reeda Jily S.O.	Study on the types of Epilepsy and its Homoeopathic Management	Dr.R.Bindusaran
30.	58091544	Rithik Raveendran	A study on significance of Kent's 12 observation on Acute Febrile Illness	Dr.T.Ajayan
31.	58091545	Rosilin John	Biogas plant	Dr.Ajith Kumar.M.V
32.	58091547	Sandra M. Ajith	Immunization Schedule	Dr.Ajith Kumar.M.V
33.	58091548	Sankareswari. N	Constitutional Remedies with their Mental Symptoms	Dr.C.R.Krishna Kumari Amma
34.	58091549	Sayoojya Sanan	Ascariasis and its management	Dr.T.Ezhilarasi
35.	58091550	Shabana. B	A study on Ophidia group (Naja, Lachesis, Crotalus, Vipera, Elaps)	Dr.T.K.Jayakumar
36.	58091553	Suganya. K	Renal Calculi and its Homoeopathic Management with case orientation	Dr.R.S.Gopika
37.	58091554	Surabhi Lenin	Position of sleep, Physical Observational Symptoms	Dr.T.Ajayan
38.	58091555	Suriya S. Pillai	Study on relation of Genetics with diseases and view of Homoeopathy of Genetics.	Dr.R.Bindusaran

39.	58091556	Thirupthi. G	Management of Acute Febrile Illness	Dr.M.Murugan
40.	58091557	Vishnu T.M.	An assignment on fracture	Dr.Lal.M.P
41.	58091558	Yoga kalyani. K	Study on Management Injuries in Homoeopathy	Dr.M.Murugan
42.	58091506	Aswathy R.K	Antenatal care	Dr.Ezhilarasi.T
43.	58091507	Aswini M. Nair	Renal Calculi with Homoeopathic Management	Dr.T.K.Jayakumar
44.	58091508	Athira V.S.	Cervical Spondylosis with Homoeopathic Management	Dr.T.K.Jayakumar
45.	58091512	Dada Jily S.O.	Infertility Ovarian causes	Dr.L.Girija
46.	58091523	Gokul Krishna. K	A study on significance of Glycated haemoglobin in the diagnosis of diabetes	Dr.Bindusaran.R
47.	58091525	Lakshmi R Nair	Diet During Pregnancy	Dr.Ezhilarasi.T
48.	58091528	Midhun Mohan K.M	A study on infertility and its Homoeopathic Management	Dr.Bindhusaran.R
49.	58091534	Praveena.S.	Cancer of Breast	Dr.R.S.Gopika
50.	58091536	Prinston G.	Comparative study of disease concept of Siddha Medicine and Homoeopathy	Dr. Bindusaran R.
51.	58091537	Priyanka. J. Nair	Miracles on Mother Tinctures	Dr.T.K.Jayakumar
52.	58091541	Rajesh R.S.	Pioneers of Homoeopathy in India	Dr.Suman Sankar.A.S
53.	58091543	Revathi. T.R	Amenorrhoea and Homoeopathic Therapeutics	Dr.L.Girija
54.	58091546	Rubin Silvest R.S.	Significance of immunological tests in Homoeopathy	Dr.Gopika.R.S
55.	58091551	Sharan	Study on Ebola Virus	Dr.Ezhilarasi.T
56.	58091552	Sreelekshmi. V.S.	Calcarea Phosphorica as a constitutional remedy for children with Bronchial Asthma	Dr.Siju.V

b. Archives - Student's Medical News Magazine:

Archive is a fortnight medical news magazine edited and published by the students of IV BHMS. It aims at improving the knowledge of the students on current medical advancement. The students are divided into different groups and instructed by the Head of the Practice of Medicine department to publish the Archive. Chief Editor is selected from students. Every member of the team has the responsibility of editorial board. This is a team based project work which executes the publication of Archive twice a month. The entire procedure is monitored by the Head of the department who is also the chief advisor of the Archive. Chief Advisor instructs the editorial board members to collect the newspaper cutting from various leading newspapers. The recent news of 15 days gap are only selected for the next issue. The data are scrutinized by the Chief Editor. The selected news are then scanned and printed with publishing date and name of the newspaper. The magazine is distributed to the chairman, principal, central library, all the departments and students. The students will be updated with the day to day evolutions in the medical field.

c. Role Play:

Role-play is used as a training tool in medical education to impart knowledge, attitudes and skills in students. It provides an essence of social environment to the learners and formulates framework of their future working. This educational tool gives an opportunity to the medical educators to analyse the learner's reaction and responses in context to real life situations and also encourages feedback from the peers. The program is conducting in **Role Play** method. Here Students divided into small groups, each group consists of 13 to 15 members. **Role playing** is a way of working through a situation, a scenario, or a problem by assuming roles and practicing what to say and do in a safe setting. Evaluation is done by the Audience.

d. Student Assisted Learning:

Advanced learners are given opportunity to teach the low performers in the particular subject under the guidance of faculty. It will benefit both to develop their skills and understanding.

e. Journal Article Discussion:

Objectives

- To enable the student understand how the article relates to topics learned in lecture.
- To enable the student understand the significance of the particular study.
- To enable the student identify and expand upon the most significant conclusions presented in the article
- To hone the analytic skills of the student

The Process

The article is selected from a, well-respected journal in medicine or homoeopathy or related disciplines. A copy of the article is made available to the peer group beforehand.

1 hour is allotted; 15 minutes on presentation and 30 minutes on discussion, and 15 minutes to discuss the applicability of the results to one's patients and clinical practice by the Faculty.

Topics of presentation includes include background and methodology, results, conclusions, as well as appraisal of the article. The presentation focuses on refreshing the groups' memory by highlighting the main points. Periodic direction to the discussion will be provided by the faculty while not interfering with the autonomy. The presenter makes sure that all participants are involved and contributing. At the end of the discussion, summary comments regarding the discussion will be given by the presenter followed by evaluation and comments by the Faculty.

Outcome

The students have a forum to discuss to discuss new developments in the field of study.

Understand the landmark principles that form the basis of current practice.

Analytical and presentation skills of the students improve.

f. Clinical case presentation:

Objectives:

To prepare the students for clinical practice, through the use of authentic clinical cases.

To enable the students to develop critical thinking

To enhance the analytical skill of the student

The process

The presenter selects a case from the cases which has attended the OP/IP Department of Sarada Krishna Homoeopathic Medical College with guidance from the Faculty of the Unit / Department / PG Coordinator. The presenting Complaint, History of presenting Complaint, Past History, Family History, Personal History and Physical examination findings are also provided. The diagnosis and medicine is not given The cases are given to the students 3 - 4 days prior to the presentation.

In clinical case presentation, the presenter present the case history before the peer group. The Faculty of the Unit / Department / PG Coordinator will act as moderator of the programme. The presenter presents the case using ICT tools for his/her effective presentation. Patient Identity will not be disclosed. At the end of the discussion the diagnosis and the medicine is arrived at.

Care is taken regarding the following: 1. the case is correctly formulated and framed in such a way that it matched the students' level of previously acquired knowledge. 2. Questions are discussed properly and systematically. 3. Each member of the group had a chance to participate.

PRINCIPAL
SARADA KRISHNA HOMOEOPATHIC MEDICAL COLLEGE
KULASEKHARAM, KANYAKUMARI DISTRICT,
TAMIL NADU - 629 161

Outcomes

1. Promotes critical thinking - (Diagnosis)
2. Analytical skills improve (Diagnosis and selection of Medicine)
3. Makes it easier for students to reach the diagnoses and treatment in their future practice.

g. Wall Magazine – Repertory:

The wall magazine under the department of repertory is to facilitate and enhance the knowledge and skill of the Sarada Krishna Homoeopathic Medical College student community. The wall magazine are maintained under the supervision of the HOD of the department, Dr.V.Sathish Kumar after the discussion meeting in the last week of the every month. The wall magazine members are the PG scholars which change in every year. The wall magazine includes the repertorial news, homoeopathic news, rubric of the day, puzzles, book reviews, and awareness about the important day. The wall magazine of Repertory Department enhances the knowledge about the Repertories and to make aware the students about the health days and the news prevailing about the Homocopathy. It helps to develop the skill of the student in the multiple question answering and thereby helps for the Competitive exams. The students are well trained about the rubric hunting from the repertories and help them in their case taking and repertorisation.

 PRINCIPAL
 SARADA KRISHNA HOMOEOPATHIC MEDICAL COLLEGE
 KULASHEKHARAM, KANYAKUMARI DISTRICT,
 TAMIL NADU - 629 161

Activities of the wall magazine

- Rubric of the day
- Guess the Rubric
- Puzzle
- Repertory news
- Homoeopathic news
- Important health day awareness
- Book review

Outcome

1. The knowledge in Repertory will be increased.
2. Study the rubrics from the different repertories.
3. Developed a good platform in clinical skill.
4. To empower the students to select the rubrics from the repertory and helps for repertorisation.
5. Aware about the homoeopathic society and its activities.
6. Reading, artistic, communication skills improved.

h. Paediatric Panorama- wall magazine:

“Paediatric Panorama” is a wall magazine realized by the Post graduates of the Dept. of Paediatrics under the guidance of the H.o.D. It contains updated information on Paediatrics. Department updation, Mother&child, Do You Know This?, Recent updates, Repertory/Materia Medica/ Organon ‘Know how’ in paediatrics, Paediatric babies, creativity & Thought for the week. It provides an attractive learning process through pictures, flow-charts, cartoons, questioners etc. So that both UG’s and PG’s are equally benefited.

i. Student Magazines:

Department of Practice of Medicine and Materia medica publishing student magazines.

j. Pharmakon:

Title of the Practice - Pharmakon of the month

Objective:

- 1) To get knowledge about the morphological features, chemical constituents in plant and the pharmacological action of a drug
- 2) To know about the sphere and nature of action of a drug on human body which will help to assess the utility of a drug in clinical conditions.

3) Context:

Pharmacological action of 30 drugs has to be studied as per I BHMS curriculum. The whole topic cannot be taught during prescribed hours allotted as per MSR. So the effort has been made to cover the whole topics through such project works.

4) Practice:

Students who scored high marks in monthly test papers or term examination identified and 3 students selected and topic is assigned. Submissions verified and certified by the department and are then compiled by the department.

5) Evidence of Success:

- 1) Created an interest among the students to know the therapeutic effect of those drugs which are not mentioned in their prescribed text books. The students utilized the internet facilities, Pharmacopoeias and authoritative books for the preparation of the project work. Used as a reference for other students.

k. Paper presentation and poster presentation by students in seminars:

The students are encouraged to present paper and in seminars.

5. MOU/ Linkage with institutions and industries for academic, clinical training and collaborative research programmes:

a. Central Council For Research in Homoeopathy:

Memorandum of understanding between Central Council for Research in Homoeopathy and Sarada Krishna Homoeopathic Medical College, Kulasekharam for collaboration in training & Research Projects, made and entered into on 10th day of April 2018 between CCRH and SKHMC Kulasekharam.
