1) INNOVATIVE PROJECTS

a) IOT Project:

The students of Sarada Krishna Homoeopathic Medical College actively participated in Internshala Trainings Innovate Challenge on Internet Of Things. The 4-week IoT course is offered as an online self learning experience, they have to learn by watching series of videos, reading articles and doing assignments. Once the online training for the contest was completed, the students submitted the synopsis for the Problem statement to build Internet of Things. The demonstration of student projects were uploaded in Hackster(dot)io project.
