REPORT ON PROGRAMMES (2018 -19)

Place: Sarada Krishna Homoeopathic Medical College, Conference Hall

Date: 17/01/2019

Time: 2.30 – 3.30 pm

THE PROGRAMME

A Sexual Harassment awareness programme was conducted by the Sexual Harassment Prevention Cell, SKHMC for the staff of Sarada Krishna Homoeopathic Medical College

TOPIC: Sexual Harassment

No. of attendees: 66

RESOURCE PERSON: Dr. Pradeep, Advocate, Thuckalay

METHOD OF PRESENTATION: Powerpoint presentation

BRIEF SUMMARY: Awareness on Sexual Harassment was provided to the staff members of Sarada Krishna Homoeopathic Medical College along with the Awareness programme on Domestic Violence by the Women's Welfare Committee, SKHMC. Dr. Pradeep, Advocate, Thuckalay talked to the audience about Sexual Harassment and prevention and remedies against sexual Harassment. As the class was primarily intended for the Non-teaching and supporting staff of SKHMC, regional language (Tamil and Malayalam) was used. After the class there was an interactive session. Dr. Sathishkumar V welcomed the delegates of the combined programme. Smt. Saraswathy of SKHMC Hospital thanked the resource persons. The staff members mentioned that they hoped for more such programmes in future.

Conclusion: The programme helped the staff members to be familiar with the organizational policy on sexual harassment, examine their feelings, attitudes, and behaviors in relation to sexual harassment; understand subtle forms of sexual harassment and provided encouragement to report sexual Harassment

WOMEN'S WELFARE COMMITTEE

REPORT OF THE PROGRAMME CONDUCTED

PLACE - SKHMC - CONFERENCE HALL.

Date - 17 - 01 - 2019.

Time - 1.30pm - 2.30pm.

Programme - An awareness programme conducted by women's welfare committee, SKHMC, for the non teaching staffs of SKHMC on 17 - 1 - 2019.

Topic - "Awareness programme on domestic violence against women."

Summary -

The non-teaching staffs of SKHMC are informed by notice about the programme. Around 50 staff participated in the programme. The programme was inaugurated by Dr. Sathish Kumar, member, Legal aid cell, Padmanabhapuram and HOD, Dept. of repertory. Speech conducted by Adv. Ramachandran Nair, Kuzhithurai. It was a programme which was conducted to give awareness against violence on women, especially in home. It was a very informative speech. He talked about the acts related to this and gave awareness how to prevent such circumstances and to take safety legal measures about this. Vote of thanks was given by Smt. Saraswathy sister SKHMC.

Conclusion - This class created awareness about the legal rights and safety legal measures of domestic violence against women.

WOMEN'S WELFARE COMMITTEE

REPORT OF THE PROGRAMME CONDUCTED

PLACE- SKHMC, CONFERENCE HALL

Date- 8-3-2019

Time- 9:00 am - 10:00 am

Programme: As a part of international women's day, an awareness program conducted by women's welfare committee for faculty members, PG's, interns and staffs of SKHMC

Topic: Status of Indian women in today's society.

Summary: The faculty members, PG's, interns and Staffs of SKHMC are informed by notice about the program. Around 60 persons attended the programme. All are welcomed by Dr. Berlina Terrance Mary, Assistant professor, Anatomy department. The guest was Smt. SAVITHA A R, Assistant Professor, Ayyappa College for women, Nagercoil. She talked about the powerful women of India from ancient time onwards. In India, Females are worshipped by others. When the western culture came here, the Indian females became submissive. Felicitation was given by Dr. Winston Vargheese, PG coordinator. Vote of thanks was given by Dr. Ezhil Arasi, Associate professor, Community medicine, SKHMC.

Conclusion:

The class was inspiring. From this class, everyone realized the importance of Indian women and their position in ancient culture.

**REPORT
BREAST CANCER AWARENESS AND SCREENING CAMPAIGN (10/10/2015)**

Saradakrishna Homoeopathic medical College Hospital that work extensively to reach out to women in underprivileged communities. The M.C.H unit and Palliative-Care unit organize an awareness and screening program of breast cancer. Both units participate in campaigns to inform the public of the growing problem of breast cancer. The program was conducted inside the SKHMC hospital campus.

Breast cancer is the most common type of cancer among women. Currently, most patients are diagnosed at advanced stages of the disease, which reduces their chances of survival. The goal of our project was to expand the current awareness of breast cancer and breast cancer and its treatment among our rural population. The goal of our project was to provide accurate, accessible, and up-to-date information on breast cancer.

Team members

Two medical officers, three PG scholars, and six interns participated in the screening and awareness program.

Execution of the program

1. Screened the risk group for breast carcinoma, we find out few suspected cases and send them for confirmatory tests.
2. About 87 cases were screened and 15 doubtful cases detected.
3. We can able to give awareness to about 120 ladies, and we feel they were benefited.
4. We can able to clarify doubt of the groups related the subject.
5. Subject related pamphlets are distributed among 1000 people.
6. The existing breast cancer awareness campaigns in Kulasekharam should be expanded to reach a larger audience in order to make early detection of breast cancer logistically possible for all women.
7. Women tend to seek emotional support services following diagnosis and during treatment. Breast cancer patients really in need of emotional support.
8. There are several common misconceptions that people have about breast cancer and breast cancer treatments. We try to clarify them.

REPORT
BREAST FEEDING AWARENESS WEEK -2015

The awareness program which was organized by Sarada Krishna Homoeopathy Medical College Kulasekharam M.C.H Unit in association with ICDS kanyakumari. The program was held at anganwadi centres of kanyakumari district, selected five centers were, Verkilambi Anganwadi(3/8/15), Veeyannur Anganwadi (4/8/15), Cheruppaloor Anganwadi(5/8/15), Pechipparai camp road Anganwadi (6/8/15), Kulasekharam Anganwadi (7 /8/15)

The objective of the program was to create an awareness regarding breast feeding in rural areas. The program was held from 3rd August to 7th August. Ten (10) Internees and four (4) P.G scholars were participated. It was a project with the goal of improving the quality and health of mother and child by enhancing breast feeding.

In selected Anganwadi centers mothers are requested gather. Our team provided the following services.

1. General physical examination of pregnant and lactating mothers.
2. Exhibit balanced diet for pregnant and lactating mothers including green leafy vegetables, fruits, egg, milk, serials and pulses.
3. Explain about benefits and importance of breastfeeding and colostrum, to pregnant women, lactating mothers and married women. Make them aware about benefits of breast feeding to mother and child; demonstrate how to hold the baby and best method of latching of baby to the nipple. Frequency of feeding. How to manage disease conditions like mastitis, engorgement of breast, abscess of breast, cracked and sore nipples, inverted nipple correction procedure, reasons for the child who avoids mother's milk, disadvantages of bottle feeding and finally clearing their doubts regarding breastfeeding. How to continue feeding in working women.
4. Charts were displayed showing the position of feeding, difference between mother's milk and bottle feeding, advantages of breastfeeding mothers, advantages of child and diseases concerned with breast. And there is a documentary show regarding best practices of breast feeding prepared by our team. Related pamphlets are also distributed among them.
5. Training given to Anganwadi workers.
6. Cultural activities -Like skit and songs by our students and anganwadi workers about the importance of breastfeeding and cholestrum.
